SUMMARY

Senior Software Engineer – AI/ML with 3+ years of experience building enterprise-grade Generative AI, RAG, and Agentic AI systems across BFSI, legal, and industrial domains. Proven track record in designing scalable AI applications, improving retrieval pipelines, integrating LLMs into production workflows, and delivering measurable business impact through intelligent automation and optimization. Skilled in Python, LangGraph, Semantic Kernel, Azure, and modern AI orchestration frameworks.

EDUCATION

BTech Computer Science & Engineering with specialization in AI

2019-2023

NIIT University

SKILLS

Languages: Python, SQL, HTML, CSS, JavaScript **Framework & Libraries:** FastAPI, ReactJS, NodeJS, Tensorflow

AI/ML: Generative AI, LLMs (Large Language Models), LangChain, OpenAI Whisper, Semantic Kernel, AI Agents, LangGraph, Pinecone, pgvector, CrewAI

Cloud & Platforms: AWS, Azure, Azure AI Studio, Microsoft Foundry, Amazon Bedrock

Databases: MongoDB, ChromaDB, CosmosDB

Collaboration: JIRA, Confluence, Agile Scrum

DevOps and MLOps: Docker, Kubernetes, Azure DevOps, Git, Bitbucket, MLFlow

WORK EXPERIENCE

SnapWork Technologies Private Limited

Mumbai, MH

Senior Software Engineer – AI/ML

Feb 2026 - Present

- Designing and contributing to Agentic AI Framework for BFSI use cases, focused on building scalable and reusable AI systems for enterprise adoption using LangGraph, FastAPI, Hindsight, pgvector, etc.
- Working on Spend Analyzer that leverages Optuna and CVXPY for budget optimization, a product initiative aimed at transforming analytical decisioning workflows into agentic AI-powered system for client environments.

Latent Bridge Private Limited

Pune, MH

Software Development Engineer – AI & ML

December 2025 - Feb 2026

- Built an agentic ESG Data Collection System using Azure Semantic Kernel, automating extraction and orchestration of sustainability-related information and reducing manual data collection effort by 20%.
- Contributed to a large-scale implementation for a UK-based law firm, enhancing their legal document platform through graph-based retrieval, improved retrieval pipelines, and agentic workflow integration for better contextual search and knowledge discovery, improving retrieval relevance by 15%.

VOLKSWAGEN GROUP TECHNOLOGY SOLUTIONS

Pune, MH

Software Engineer – AI & ML

August 2023 - December 2025

- **Digital Library:** Developed and deployed a Multi-modal Retrieval-Augmented Generation (RAG)-based chatbot and Document Management System utilizing GPT-5 for legal document interpretation from NHTSA and Transport Canada. Implemented a Smart Content Discovery feature, reducing user search time by over 80%.
- **Maintenance Copilot:** Engineered a sophisticated RAG-based chatbot leveraging GPT-4 and ada-002 embeddings on Microsoft Foundry with Agent Workflows. Integrated with historical SAP datasets and maintenance manuals, enhancing operational efficiency at Audi Neckarsulm Plant by 10% through reduced query response times.
- Orchestrated **AI PowerX**, **AI Shots** and **AI Champions**, an organization wide AI awareness program aimed at upskilling employees in advanced AI concepts. Delivered impactful sessions demystifying AI technologies, highlighting key use cases, and fostering an innovative AI-driven culture within the organization.

MERCER METTL

Gurugram, HR

Technical Consultant

Jan 2023 – June 2023

- Developed technical skill assessments for roles like Software Developer and Data Science Engineer by analyzing job descriptions, curating tests, ensuring timely delivery, engaging with clients for feedback, and contributing to backend development of the Mettl Assessment Platform.

CERTIFICATIONS / AWARDS / EXTRA CURRICULARS

- TEDxNIITUniversity - CEM Team Member in the First Year - 2019 | Lead Curator in the Second Year – 2020
- Host of TechBytes – A Community driven initiative to drive Technology Showcases and Product Demos.
- Recognized with multiple awards at Volkswagen Group Technology Solutions, including **Debutant (Q2 2024)**, **Achiever's Enablers (Q4 2024, AI PowerX – 98% adoption)**, **COOL Culture (Q1 & Q2 2025)**, **Innovation (2025)**, and **Achievers (Q3 2025, Digital Library)**.
